Dear All,

Sub:  Internationalization of Technical Education of Kerala- Attracting Foreign National and PIO to the state- reg.

It is high time that the institutes in Kerala have to wake up and attract students from outside Kerala and outside India by improving the teaching-learning process, campus placements and infrastructure etc much above the desired level prescribed by the regulatory bodies. Kerala has a potential for attracting the students from abroad. We may utilize the ‘Gods own Country’ and 100% literacy tag.

There is provision of 15% seats for PIO/Foreign Nationals (Refer page 56, Chapter 2, Clause 15.2 of Approval Process Hand book AICTE) over and above the approved intake by AICTE in AICTE approved institutions. At least a few colleges in the State can join together to form a consortium, improve the requirements and work towards attracting students from outside India. This process of building an image and brand may not be an easy task but will be a step towards developing Kerala as a hub of education.

The KTU would like to initiate the process and request the institution willing to avail this facility to inform vicechancellorktu@gmail.com by Email.

With regards

Dr K P Isaac
