11. If Yes mention the application :

Date:

Signature of the candidate

Signature with seal of the Competent Authority

ANNEXURE I

1. EXECUTIVE SUMMARY (OR ABSTRACT)

Provide a brief summary (1 page or less) that gives an overview of the proposed work.

2. TECHNICAL BACKGROUND

2.1 Identification of the Problem

Give the background that identified the problem and provide the motivation for such an undertaking and competence to achieve.

2.2 Justification for Proposed Work

Provide technical justification for the proposed work, and include any data that would support the feasibility of your idea. This can include the theoretical explanation of the proposal and identifying critical areas.

3. TECHNICAL APPROACH

3.1 Objectives to be accomplished with this project.

3.2 Statement of Work (Work Plan)

List the specific tasks that need to be performed in order to meet the objectives. List schedule for completion of each task and overall project completion. (Use Gantt chart to illustrate the schedule if desired)

3.3 Cost effectiveness

4. CAPABILITIES

4.1 Strength of team members. (Mention the skills to carry out the project)

4.2 Equipment and Facilities needed and utilized to complete the project.

5. EXPECTED OUTCOME OF PROPOSED WORK

This can include economic, environmental, societal or any other benefits that could have impact at any level (individual up through global impact) that would help justify the time and expense of carrying out this project.

6. ANTICIPATED ENVIRONMENTAL IMPACT OF PROPOSED WORK

Identify any potential adverse environmental impacts arising during the operational phase. If there are no adverse impacts, then a simple statement of that fact will be sufficient.
