Sub: Complaint from students on the "Withheld status" of results - Explanation reg.

The University is in receipt of many complaints from students of certain Colleges stating that many of their results have been detained under the title "Withheld". Due to this the students were unable to access their academic details, apply for revaluation etc.

This is to inform all concerned that the University is in receipt of reports of alleged "mass copying" from one of the related centralised valuation camps, where these answer scripts were evaluated. In such cases of reporting from CV camps, all answer scripts suspected of malpractice will be under investigation of the University which will be carried out by the respective Examination Monitoring Committee(EMC).

As per norms, these results will be declared subsequent to the submission of the report by the EMC on the matter. Till then the results of these students suspected to be involved in this reported malpractice will only be available under the title: "Withheld".

Hence the students concerned are expected to wait till EMC submits their investigation report. University has already directed the committee to expedite the process.
