CIRCULAR

Sub:- M.Tech Project work - Credits - Clarification - Regarding

Ref :- _____

There is a misconception that "Project Phase 1 completed during the III semester M.Tech is given no credits This is not true. As per M.Tech ordinance clause O-14 vi) project work is spread over the third and fourth semesters. Project work is to be evaluated both in the third and fourth semesters. Based on these evaluations the grade is finalised only in the fourth semester. Out of 150 marks for project 50 marks are for project work done in the third semester ie., Project Phase 1 and 100 marks for the work done in fourth semester ie. Project Phase 2. The marks awarded for Project Phase 1 in the third semester are collected from the institutions after third semester project evaluation. It is thus clear that the project work done in the third semester carries 1/3rd weight-age.
