Take the world with you. 

CAMPUS RECRUITMENT PROGRAM

Thank you for sharing with us the list of students interested for the Infosys Campus Recruitment Program 2020-21. Please find attached the list of students who have been shortlisted for the online test process. We are looking forward to students taking the online test on 21st February.

A separate mail with test login details will be sent to the shortlisted students by Thursday, February 18, 2021.

To ensure that students adhere to all guidelines and to answer any questions that they may have, please find attached our Guidelines once again along with a detailed document of frequently asked questions. Kindly share these with your students so they are well prepared to meet all technical and behavioral requirements for the online test. They can also access a sample paper on InfyTQ website from tomorrow onwards.

Please note, once the recruitment process is complete and interviews are conducted, we shall share the list of selected candidates with you.

We look forward to your support.

Warm regards,

Pon Balaji
