

## AIU-CII Smart Manager Programme

A certification programme was launched by AIU for students across Universities and Colleges in India to provide the necessary professional skills which corporates look for during placements or recruitment drives, and this programme is also viable alternative to internships with measurable learning outcomes. AIU realized the need for an industry grooming of students via an online internship program during these COVID times and hence came up with the Certification Programme which is endorsed by the esteemed industry body of India- CII (Confederation of Indian Industry).

Since the roll out of the programme from AIU in the last week of July 2020, students from Universities across India have started their learning digitally. More than 500+ students each from Alagappa University, Manipal University, MGM University and many more have already enrolled up for the certification programme.

AIU has also asked to assign a dedicated SPOC for the roll out of the programme amongst the students and get them on-boarded on the course.

The following link <https://www.aiu.ac.in/documents/index/announcement/AIU-CII%20Smart%20Manager%20Program.pdf> may give an insight into the programme.

The students can express their interest by responding to this AIU - CII Smart Manager Programme Form
