

The Scrutiny Committee held on 19.01.2019 selected the following projects for the Zonal level Convention of Anveshan : Student Research Convention, organized by Association of Indian Universities.

1. Design and development of a novel Remotely Operated Underwater Vehicle (ROV)  
Reuben M Shibu, Rahul Rajkumar, Abhinav Ajith - GEC Bartonhill
  
2. Experimental investigations on Loop Heat pipe charged with Nano fluids  
Dony Babu, Abhishek Cheriyan, Antony Bimal Babu – St.Joseph's College of Engineering & Technology, Palai
  
3. Experimental investigations on direct methanol fuel cells for powering off grid portable electronic devices  
Kevin R, Richy Raju - St.Joseph's College of Engineering & Technology, Palai
  
4. Smart Traffic Control System  
Tinil Tom Thomas - Saintgits College of Engineering
  
5. Experimental investigations on Energy Efficient buildings using Phase Change Materials in tropical climate  
Rohini Sibi, Athul Mathew, Devika Ashokan - St. Joseph's College of Engineering & Technology, Palai
