

ELIGIBILITY

The programme is opened to all faculties from KTU affiliated colleges. The maximum number of participants limited to 30 on first come, first serve basis.

Online Registration Link:

<http://bit.ly/2rKm1L2>

Last date for Registration:

02-01-2020

FACILITIES

Lunch and refreshments will be provided. Hostel facilities are available for participants on request.

CONVENOR

Dr. Amritha Ajeej

Head of Department
Department of Civil Engineering,
JCET

RESOURCE PERSONS

Lectures will be delivered by experts in the field of Civil Engineering.

PROGRAMME CO-ORDINATORS

Ms. Anupama K U

Assistant Professor
Department of Civil Engineering,
JCET
Ph: 9747843388

Ms. Chithra K G

Assistant Professor
Department of Civil Engineering,
JCET
Ph: 9048138538

FACULTY DEVELOPMENT PROGRAMME ON "COASTAL PROTECTIVE MEASURES AND IT'S IMPORTANCE IN KERALA"

6th-10th January, 2020

Sponsored by

APJ Abdul Kalam Technological
University

Organised by

Department of Civil Engineering

**Jawaharlal College of
Engineering and Technology**

Jawahar Gardens, Lakkidi,
Palakkad, 679301

Since 1968

ABOUT THE INSTITUTION

Jawaharlal College of Engineering and Technology is a part of Nehru College of Educational and Charitable Trust which was established at an auspicious moment in the year 1968. Over the period of nearly five decades, it has established and patronized a number of prestigious Educational Institutions, all of which have grown to the stature of being accredited with ISO 9001 : 2008 certification by the International Certification Services. JCET is affiliated to the A P J Abdul Kalam Technological University, Trivandrum, Kerala from the 2015 admissions onwards and had been affiliated to the University of Calicut, from 2008 to 2014 and is approved by the All India Council for Technical Education (AICTE), New Delhi.

ABOUT THE DEPARTMENT

The department of Civil Engineering at JCET, Lakkidi was formed in the year 2011 with a mission to mould quality engineers to meet the technological challenges of the world. The department is enriched with professionally qualified, vibrant faculty members specialized in various disciplines of Civil Engineering. They impart strength to the department with their competitive skills and vibrant dedication. The department is also equipped with different engineering laboratories to cater to the external projects and consultancy work.

COURSE CONTENT

The Faculty Development Program will be mainly focusing on the following fields

- Causes of coastal erosion
- Importance of coastal regulation zone
- Location of harbour and other coastal structure
- Littoral drift along Kerala coast
- Location of river estuaries and its influence in coastal erosion

VISION OF THE DEPARTMENT

To equip the student resourceful to work with the fraternity of civil engineering and to build a vital infrastructure with structural adequacy and functional efficiency to adapt ecological changes with professional ethics and human values.

MISSION OF THE DEPARTMENT

- To produce competent civil engineers to meet the challenges in construction field through technology and research projects.
- To practice the students towards the development of infrastructure technologies for sustainability.
- Striving to make responsible engineers committed to society and the nation with employable skills.

ABOUT THE FDP

This Faculty Development Programme (FDP) is intended to provide participants an overview of various principles in "Coastal protective measures and its importance in Kerala" which is useful course for Faculty, Research Scholars and PG Scholars in Civil Engineering.

HOW TO APPLY

Duly filled applications in the prescribed format should reach the coordinator at on or before 04-01-2020.

DECLARATION

The information provided is true to the best of my knowledge. If selected I agree to abide by the rules and regulations of the course and shall attend the course for the entire duration. I also undertake responsibility to inform the coordinator if I am not able to attend this course.
