

WHO CAN ATTEND

Faculty members from AICTE approved engineering colleges, affiliated to APJ Abdul Kalam Technological University are eligible to participate. The selection process will be done on first come first serve basis.

FACILITIES

- Lunch and refreshment will be provided.
- Hostel facilities are available for outstation participants on request.

REGISTRATION

There will be no registration fee for the first 30 participants. Fill up the Registration google form and send before last date of submission. No TA/DA will be paid to the participants. Selection will be based on first come first serve basis. For registration

Note: Participants should duly fill the registration form which is attached with the mail, Get approval from the College Authority and forward the scanned copy to anjcet@gmail.com

ABOUT COLLEGE

Jawaharlal College of Engineering and Technology (JCET), Lakkidi, Ottapalam, Palakkad, is one of the top-ranking Educational institutions offering excellence in engineering education. Apart from highly competent and devoted faculty, excellent infrastructure and teaching aids JCET with its enchanting and spectacular topography, lush green vegetation, salubrious climate, has evolved as a notable School of Engineering. It has an integrated approach to Education where academic training goes arm in arm with techniques that develop the body, mind and soul and prepare all its graduates to be future leaders and entrepreneurs. JCET is affiliated to the A.P. J. Abdul Kalam Technological University, Trivandrum, Kerala from the 2015 admissions onwards, and had been affiliated to the University of Calicut, Kozhikode, Kerala from 2008 to 2014 and is approved by the All India Council for Technical Education, (AICTE), New Delhi.

ABOUT DEPARTMENT

The Department of Aeronautical Engineering, JCET established in the year 2008, conducts the programme on B.Tech in Aeronautical Engineering with a vision to attain excellence and global reputation in Aeronautical Engineering education and research. Well qualified and experienced team of faculty of the department is committed to provide quality education by innovative teaching-learning processes. All the faculty of the department qualified in Aeronautical Engineering with different specializations are involved in continuously upgrading their skill. The curriculum is periodically reviewed in pace with the global industrial scenario utilizing the services of resource persons. Introduction of the choice based credit system enables the students to select the courses of his/her choice in various inter disciplinary areas of engineering. The department has state of the art infrastructure and laboratory facilities providing conducive learning environment to the students and faculty. Various Associations and professional bodies are actively involved in promoting co-curricular and extracurricular activities, aimed to improve the leadership qualities of the students. The students are successful in pursuing higher studies in the leading institutions such as IITs, in India and leading universities in abroad. Well-structured placement training enables the students to get placement in Government and Private sectors.

ABOUT PROGRAM

Teaching learning is an important process in academic institutions. Transfer of knowledge takes place from teacher to the student only when teaching is effective. The young teachers need orientation and training in effective teaching. The objective of the program is to provide information about the innovations in the field of aviation. The FDP will enhance the knowledge about the recent findings in Aerodynamics, Aircraft Structures, Aircraft Propulsion, and Avionics.

FDP covers the following areas

- Aerodynamics
- Aircraft Structures
- Nano fluids and Nano materials
- Composite materials
- Aviation Industry Interaction
- Aircraft Propulsion
- Avionics systems
- Computational fluid dynamics
- Aircraft Maintenance

FACULTY DEVELOPMENT PROGRAM ON

"RECENT DEVELOPMENTS IN AEROSPACE ENGINEERING AND AVIATION"

6th - 8th JANUARY 2020

SPONSORED BY
A P J ABDUL KALAM TECHNOLOGICAL UNIVERSITY, KERALA

Organized by
Department of Aeronautical Engineering

RESOURCE PERSONS

Resource persons are eminent and accomplished faculty members from various Government, Private institutions and Industry experts with experience and expertise in the field of Aviation/ Aerospace.
